FOR INFLUENZA AND WHOOPING COUGH

Nashville, Tenn. June 20th, 1851.

Sir—I have so greatly used your Cherry Pectoral for Whooping Cough and Influenza and have so hesitated in pronouncing it a complete remedy. Four of my children have been affected with these diseases, and the free use of the Pectoral has always [illegible] the severe [illegible] JAMES CLOVER.

FOR A CONSUMPTIVE COUGH

Hyrasoul Pa., Feb. 25, 1851.

Dear Sir—For three years I have been afflicted with a Cough, so distressing that I frequently despaired of recovery. Much of the time I was confined to my room night and day. Your Cherry Pectoral was recommended to me, and I tried it. Having used many remedies without much relief, I at last tried the CHERRY PECTORAL, which under Providence has cured me. Yours with gratitude yours,

JAMES H. CANDLESS.

FROM THE PRESIDENT OF ARMHERST COLLEGE.

EDWARD HITCHCOCK, M. D., LL. D., Ex. Pres. J. C. AYER Sir—I have used your CHERRY PECTORAL in my own case of deep-seated bronchitis, and am satisfied, from the chemical analysis, that it is an admirable compound for the relief of laryngeal and bronchial difficulties. It is my opinion, as to the superior character, can be of no ordinary value, you are at liberty to use it in any way you think best. EDWARD HITCHCOCK. Amherst, Sept. 12, 1848.

Extract from a letter from F. M. Cory, to H. L. Stevens, Esq., No 132 Second street, New York.

BOSTON, June 30 1849.

Dear Friend Stevens:—I have been home now just two months. When I last saw you, I had but little hope of ever feeling any better. But I have now the pleasure of thanking you for recommending me to take Hoofland's Syrup of Liverwort, Tar, and Canchalagua. I do so with the more pleasure, because I had tried almost every thing else, and had given up all hope of ever finding any thing that did me more good than any other medicine I have ever taken. On my first taking it, it exceeded the expectation, and I relied a good deal on it, and it has kept my lungs free from pain. I have now no cough, but little expectoration, and I feel as free from it as I ever did. I do not see how it can be otherwise than that it should do so much good, when it is so well adapted to the disease. I shall always be a friend to Hoofland's Medicines. Yours, &c.

F. M. CORY.

BLEEDING AT THE LUNGS,

SEE HOW PROMPTLY IT ACTS.

Extract of Mr. A. Laing, Baker No. 348 Pearl street, New York.

A few days before last Christmas I was taken suddenly, and spoke as I thought freely, bleeding at the Lungs. I obtained a homeopathic physician but it seemed the disease was to fatal me. I read your advertisement and thought I would try Dr. Hoofland's Syrup of LIVERWORT, TAR AND CANCHALAGUA. Before I had taken the third bottle my bleeding had stopped, my lungs were sound, and I felt well as usual. My health is now good. I consider it a most excellent medicine and cordially recommend it to my friends. (This statement was made to the Proprietor March 12th 1850.)

Secured against Gunpowder, AND Warranted not to Injure Books or Papers by Dampness.

THESE are the only Safes (Wilder's Patent) that have in every instance proved secure when exposed to large fires, like the burning of the Tribune building office in New York city, and many others, too numerous to mention.

The above Safes are now manufactured and for sale by JOHN E. WILDER, Boston, and for sale in Bangor by the manufacturers prices, by FISKE & DALE.

The following letter from the Superintendent of the Maine Telegraph Company, is another proof of the superiority of JOHN E. WILDER'S Safes over all others.

Bangor, Oct. 24, 1849.

Wilder, Esq.—Dear Sir—The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph Office in this city, April 19th, in the [illegible] where the books and papers were [illegible] and the damage to the Safe very slight, [illegible] fell from this second story to the basement of the building. THE Great Remedy for Coughs, Colds, Whooping Cough, and Bowel Complaints. The Whooping Cough has been cured in a week if taken at the Commencement of the disease. Thousands die annually who might be saved if they checked their Colds at the Beginning. This can be done by the use of MOORE'S ESSENCE OF LIFE—this is no humbug—witness the good that it has accomplished the past few years, in cures of Coughs and Bowel Complaints. It is sure to cure if taken in season. If the reader has a child afflicted with the Whooping Cough let him obtain one bottle and try it, and he will be convinced of its efficacy. For Bowel Colds and Complaints it is one of the cures. Many by the use of Moore's Essence have been entirely restored to health, who have tried every other medicine in vain. At Richmond also the damage done to property is very serious.

One hundred bales of Cotton were carried away by the flood, at Webster, Miss.

A out-house at Mason's Ville, Conn., with three women in it at the time, was swept off, and before the females could be rescued, one of them was drowned.

The storm has been very severe in the Middle States. The Potomac, the Shenandoah, the Monongahela, and other rivers, with many canals, have overflowed their banks, and the floods are carrying death and destruction of property throughout the country.

Mr. Sandford moved an amendment.

Mr. Talbot explained the provisions of the bill and the reasons of the amendment.

Mr. Carleton said that by the provisions of the bill any person could take the benefit of the law and be released from his creditors, although he might have money. It was a most ridiculous project. It would embarrass all the courts of the Republic (laughing and hissing in the galleries) and would embarrass the business of the Republic. He did not think the House would think it wisdom to pass the bill.

Mr. Sawtelle said he got a letter from Whiteside, was mistaken as to the provisions of the bill. It did not provide for imprisonment for debt. Any person might be released from his creditors, although he might have money. He was opposed to the bill. He did not think the House would think it wisdom to pass the bill.
